BLUESTEM LITTLE

Schizachyrium scoparium

Light: Full Sun

Flower Color:GRASS

HT: 3'-4
W:1'-2'
Z: 3

This little bluestem is distinguished by it's upright habit, beautiful blue foliage and excellent fall color in shades of red, burgundy and purple. Think of it as a shorter blue 'Karl Forester'.

More than 5	Available now in a size	POT	gallon container
More than 5	Available now in a size		gallon container

BLUESTEM LITTLE BLUE HEAVEN

Schizachyrium scoparium 'MinnblueA' PP #17,310

Light: Full Sun

Flower Color:GRASS

HT: 3'-4'
W:2'-3'
Z: 3

Narrow, upright, grassy foliage creates a great vertical accent for a border, or rock garden. Emerges blue, develops pink and burgundy hues in late summer, and turns a rich copper in fall. Slender stems rise up with purplish panicles. Tan seed heads persist into fall. Perfect for bird friendly landscapes.

FEATHER REED AVALANCHE

Calamagrostis × acutiflora 'Avalanche'

Light: Full Sun

Flower Color:GRASS

HT: 3'-4'
W:2'-3'
Z: 4

A new variegated sport of Karl Forester, having that classic upright growth of green leaves with a white center. Creamy flowers with a slight purple/pink tinge can reach 4 to 5 feet tall.

Less than 5	Available now in a size	POT	gallon container

FEATHER REED HELLO SPRING

Calamagrostis acutiflora Hello Spring

Light: Full Sun

Flower Color:GRASS

HT: 2'-3'
W:2'
Z: 4

An arching variegated Feather Reed Grass varying from the typical upright habits of market cultivars. Leaves have wide creamy white margins edging green centers. The foliage cascades to the ground to form an arching habit. Expect the variegation to be most pronounced in spring. Cream flower spikes rise above the foliage in summer.

More than 5	Available now in a size	#1	gallon container

FEATHER REED KARL FOERSTER

CALAMAGROSTIS ACUTIFLORA KARL FOERSTER

Light: Full Sun

Flower Color:GRASS

HT: 60"-72"
W:24"
Z: 4

Considered one of the best non-native grasses. This sterile hybrid grows into stately 5'-6' tall clumps and in the fall produce wonderful feathery flower heads that have a beautiful bronzy cast to them, eventually giving great winter interest.

MONARDA BALMY ROSE

MONARDA DIDYMA BALMY ROSE

Light: Full Sun

Flower Color:ROSE

HT: 10"-12"
W:12"
Z: 4

Best mildew resistance of today's commercial cultivars, very floriferous and compact, rose color flowers, lance-shaped dark green fragrant foliage

Less than 5 Available now in a size #1 gallon container

MONARDA FIREBALL

Monarda 'Fireball'

Light: Full Sun

Flower Color:Red

HT: 16"-20"
W:18"-24"
Z: 4

A superb, dwarf Bee Balm selection that shows good mildew resistance, 'Fireball' averages about 15in high, and its deep scarlet flowers have the same hummingbird appeal and the same intensely aromatic foliage.

More than 5 Available now in a size POT gallon container

MONARDA GRAND PARADE

Monarda 'Grand Parade'

Light: Full to 1/2 Day Sun

Flower Color:Purple

HT: 16"-18"
W:20"-23"
Z: 3

This exciting new herbaceous perennial produces an abundance of bright lavender purple flowers on top of a very compact, mid-sized plant that has attractive deep green foliage. Excellent mildew resistance.

More than 5 Available now in a size #1 gallon container

MONARDA RASPBERRY WINE

Monarda 'Raspberry Wine'

Light: Full Sun

Flower Color:Redish Pink

HT: 30"-36"
W:18"-30"
Z: 4

This Monarda has unusual flower buds that do look like raspberries. They open up to beautiful, large raspberry wine red flowers in mid-summer. Dead heading will prolong the period of bloom. Attracts bees and butterflies.

More than 5 Available now in a size #1 gallon container

MONARDA SUGAR BUZZ BUBBLEGUM BLAST

Monarda 'Bubblegum Blast'

Light: Full Sun

Flower Color:Pink

HT: 24"
W:32"
Z: 4

In midsummer, 'Bubblegum Blast' forms a solid dome of hot pink flowers. Dark green foliage forms an upright clump that will fill out containers nicely but won't run all over the garden. It displays above average resistance to powdery mildew.

Less than 5 Available now in a size #1 gallon container

MONARDA SUGAR BUZZ GRAPE GUMBALL

Monarda 'Grape Gumball'

Light: Full Sun

Flower Color:Magenta

HT: 12-24"
W:18-32"
Z: 4

Strong dark green stems and vibrant magenta flowers. Leaves form a mid-sized clump that is more resistant to mildew and is perfect for the middle of the border.

VERONICA PURPLEICIOUS

VERONICA x PURPLEICIOUS

HT: 16"-20"
W:15"-20"
Z: 4

Light: Full Sun

Flower Color:PURPLE

Easily grown in average, medium moisture, well-drained soil in full sun. Best performance occurs with consistent, regular moisture with sharp soil drainage (particularly in winter). Tolerates light shade. Remove spent flower spikes to encourage additional bloom. Plants may be cut back to basal growth after flowering.

ASTER HEATH
Aster ericoides □syn Symphyotrichum ericoides
HT: 2-3'
W: 2'
Z: 3
Light: Full Sun
Flower Color: SKY BLUE

The white flowers explode profusely all along the stem of the plant in late summer and early fall, providing that last bit of bloom to a garden before winter. This late bloomer is one of the host plants of the Pearl Crescent butterfly. It is rhizomatous and will self-seed.

Less than 5 Available now in a size POT gallon container

ASTER NEW ENGLAND
Aster novae-angliae
HT: 3-5'
W: 2-3'
Z: 4
Light: Full Sun
Flower Color: PURPLE

Deep blue to purple flowers highlight this aster. Late bloomer that provides nectar for butterflies. Medium to wet soils. Self-seeds rapidly. Native.

CONEFLOWER PRAIRIE
Ratibida columnifera
HT: 1-3'
W: 1-2'
Z: 4
Light: Full Sun
Flower Color: YELLOW

Commonly called long-headed coneflower or prairie coneflower or Mexican Hat. This is an aster family member that is perhaps most noted for the long, cylindrical, center disk of each flower and its deeply cut leaves.

Less than 5 Available now in a size POT gallon container

GEUM PRAIRIE SMOKE
Geum chilonese 'Prairie Smoke'
HT: 8"
W: 8"-12"
Z: 4
Light: Full Sun
Flower Color: PINK

A compact Geum with 6" mounds of pubescent, strap shaped foliage. The unusual, drooping, tan-pink flowers rise just above the foliage. A rapid spreading wildflower. Prefers sandy, acid to neutral soil.

Less than 5 Available now in a size #1 gallon container

GINGER WILD CANADIAN
ASARUM CANADENSE
HT: 6"-8"
W: 12"-24"
Z: 2
Light: Part to Full Shade
Flower Color: GREEN

Wildflower that performs well in the shaded garden. Grown for its foliage, flowers are inconspicuous. Large rounded leaves and good heat tolerance.

IRONWEED

Vernonia fasciculata

HT: 4-6'
W:2-3'
Z: 4

Light: Full Sun
Flower Color:PURPLE

Large cluster of unusually brilliant purple flowers above 6' tall, unbranched stems; a sight to see late summer and into fall. Host for American Painted Lady butterfly. Native.

Less than 5 Available now in a size POT gallon container

MARSH MARIGOLD

CALTHA PALUSTRIS

HT: 1-2'
W:1-2'
Z: 4

Light: Half Day Sun
Flower Color:YELLOW

Large, yellow flowers noticeably blooming early spring in the wetlands. Attractive glossy, heart-shaped leaves add to its appeal. This foliage is acidic so mammalian herbivores generally avoid it. Grows in full sun to full shade. Native to some counties in ND and MN.

More than 5 Available now in a size POT gallon container

MILKWEED SWAMP

Asclepias Incarnata

HT: 2'-4'
W:3'
Z: 3

Light: Full Sun
Flower Color:Pink

Dusty pink flowers attract butterflies. The flowers have a faint vanilla scent. Performance is best under moist soils.
