Flower Color:PINK

HT: 18"-20"
W:18"-20"
Z: 4

An enchanting green cone - as green as the leaves - at the center of every bloom, framed by dense petals in a lovely palette of pink hues. Lush foliage and sturdy, upright stems create a beautiful backdrop for the continuous profusion of blooms from late spring through fall

CORNFLOWER

CORNFLOWER AMETHYST DREAM

CENTAUREA MONTANA AMETHYST DREAM

Light: Full Sun
Flower Color: PURPLE

HT: 16"-20"
W: 24"
Z: 3

A special selection of Perennial Cornflower, forming a low mound of grey-green leaves with an early summer display of shaggy flowers. Petals are a rich deep amethyst purple. A good choice for near the front of the border, in full sun to part shade. Flowers are great for cutting. Remove faded blooms to prevent self seeding. Plants may benefit from a hard cutting back in midsummer to rejuvenate the foliage

Fescue Beyond Blue

Festuca glauca 'Casca11' Beyond Blue

Light: Full Sun
Flower Color: n/a

HT: 1'-
W: 1-1.5'
Z: 4

Easy to grow in well drained soils, best in a full sun location. Small clumps, great for boarder or rock plantings.

More than 5	Available now in a size	#1	gallon container
-------------	-------------------------	----	------------------

FESCUE BOULDER BLUE

FESTUCA GLAUCA 'BOULDER BLUE'

Light: Full Sun
Flower Color: GRASS

HT: 8"
W: 8"
Z: 4

Regarded by some as the bluest blue fescue, this plant forms compact, cascading mounds of foot-tall, intensely blue, narrow leaves that are attractive in all seasons. Blooms are generally secondary to the foliage, but this cultivar blooms more heavily than most, with spikelets in summer. This cultivar is long-lived and very hardy. Grow in groups in a border or rock garden, or as a groundcover.

SWITCH GRASS BLUE FOUNTAIN

Panicum virgatum Blue Fountain

Light: Full Sun
Flower Color: GRASS

HT: 7'
W: 4'-5'
Z: 4

Looking for a tall ornamental grass? This blue *Panicum* bucks the horticulture trend of shrinking plants by towering around 7' tall. Even with its considerable height, this grass stays very upright, supporting its late summer heavy flowering performance. Greenish tan flower panicles are held on the top two thirds of the plant and look like they burst out of the clump like water in a fountain.

Less than 5 Available now in a size #2 gallon container

SWITCH GRASS NORTHWIND

Panicum virgatum northwind

Light: Full Sun
Flower Color: GRASS

HT: 6'
W: 2'-3'
Z: 4

A newer switch grass with very sturdy, upright, steel blue stems. Reaches a mature height of 6 feet. Discovered in Wisconsin.

**HOSTA FIRE ISLAND***HOSTA FIRE ISLAND*

Light: Part to Full Shade
Flower Color: LIME

HT: 14"
W: 30"
Z: 3

A small to medium sized hosta that is hard to miss in the spring garden as the leaves emerge brilliant yellow on red petioles; red coloring extends from the base of the petiole up into the leaves. As the season progresses, the foliage darkens to chartreuse, but the red petioles remain all season long. The broadly ovate leaves are slightly corrugated with distinctly rippled margins at maturity. Best in Full Shade

RUDBECKIA LITTLE GOLDSTAR

Rudbeckia fulgida var. sullivantii 'Little Goldstar'

Light: Full Sun
Flower Color:YELLOW

HT: 14"- 16"
W:14"- 16"
Z: 4

Standing just knee high, this plant forms a bushy, short clump of rich green foliage covered with a dome of closely spaced, starburst-shaped, 2-2.5 inch, golden yellow blossoms held just above the foliage. Very well-branched scapes carry loads of flowers from midsummer through early fall. Over 80 flowers have been counted on a single plant, making this selection more floriferous than 'Goldsturm'.

W:22"-28"
Z: 4*Exciting new perennial sage, with upright spikes of deep pink buds opening to rose colored flowers over a long season. Aromatic, rich green foliage creates a sturdy upright-mounded shape, nice in containers or massed in a border. Excellent heat tolerance, and reblooms readily to delight butterflies and hummingbirds.*

Sedum Superstar

Sedum 'Superstar'

Light: Full Sun
Flower Color:Pink

HT: 10-12"
W:16-20"
Z: 3

Dark turquoise succulent leaves have a smoky gray overlay. Later in the season, rosy pink flowers with hot pink carpels explode over the dome-like habit with great flower coverage. Dark purple seed heads extend the color long have it has finished blooming.

Less than 5 Available now in a size #2 gallon container

SEDUM THUNDERCLOUD

SEDUM x THUNDERCLOUD

Light: Full Sun
Flower Color:SEDUM

HT: 10"-12"
W:12"
Z: 3

a dome-shaped sedum that typically grows in a low mound to 12" tall and 12" wide. Pointed, gray-green leaves retain good color throughout the growing season. Tiny, star-shaped, white flowers cover the foliage mound with bloom in mid to late summer. Flowers are attractive to butterflies. Spent flower clusters typically retain shape and add some winter interest to garden areas

CIMICIFUGA CHOCOLIC

Light: Full Shade
Flower Color:SHADE

HT: 4'-5'
W:30-34"
Z: 4

This lovely native cultivar adds wonderful texture, color, and height to the shade garden. From late summer through early fall, fragrant bottlebrush flowers dance above the bronze purple foliage. They are a rich mauve-pink color when they open and lighten to white as they age.

SPIDERWORT

Spiderwort 'Amethyst Kiss'

Tradescantia 'Amethyst Kiss'

Light: Half Day Sun
Flower Color:periwinkle blue

HT: 12-18"

W:12-18"

Z: 3

Will grow in any amount of sunlight and in many types of soils. Best to cut back spent blooms to encourage new growth. Periwinkle blue flowers and grass-like foliage.

More than 5 Available now in a size POT gallon container

Spiderwort Concord Grape

Tradescantia 'Concord Grape'

Light: Full to 1/2 Day Sun
Flower Color:PURPLE

HT: 18"-24"

W:18"-30"

Z: 4

The frosty blue grass-like foliage sets off long blooming, rich purple flowers. Can be naturalized in a shady area. Tolerant of wet, boggy soils. Deadhead each flower cluster after all buds in the cluster have opened to extend the bloom period.

ST. JOHNS WORT

St. John's Wort Rose of Sharon

Hypericum calycinum 'St. John's Wort'

Light: Full Sun
Flower Color:YELLOW

HT: 12"-24"

W:12"-24"

Z: 4

Rose of Sharon shows of bright yellow flowers against medium green foliage for weeks from mid summer to mid fall. The spreading perennial does so rapidly. This plant tends to be low maintenance and generally pest and disease free. Drought tolerant once established.

More than 5 Available now in a size POT gallon container

SUNFLOWER FALSE

False Sunflower Venus

Heliopsis helianthoides Venus

Light: Full Sun
Flower Color:Yellow

HT: 24-36"

W:24"

Z: 3

Tall upright growth with strong stems, large 4-5" golden-yellow flowers. Best in the full sun. Does best in well-drained average soils, heat and drought tolerant. Deadhead spent blooms to promote continuous blooms through the summer.

More than 5 Available now in a size POT gallon container

SUNFLOWER FALSE SUMMER NIGHTS

HELIOPSIS HELIANTHOIDES SUMMER NIGHTS

Light: Full Sun
Flower Color:YELLOW

HT: 30"-36"

W:36"

Z: 3

A beautiful mid-summer blooming perennial. At a time where others are struggling, this sunflower looks fabulous.

More than 5 Available now in a size #2 gallon container

SUNFLOWER FALSE SUMMER SUN

HELIOPSIS SUMMER SUN

Light: Full Sun
Flower Color:YELLOW

HT: 3'

W:2'-3'

Z: 4

Semi double bright yellow flowers with strong erect stems. Considered heat tollerant

More than 5 Available now in a size POT gallon container

TUSCAN SUN SUNFLOWER

HELIOPSIS HELIANTHOIDES TUSCAN SUN

Light: Full to 1/2 Day Sun
Flower Color:YELLOW

HT: 24"-36"

W:20"-24"

Z: 3

Bright golden yellow, daisy-like flowers with an orange-gold button center are produced on strong stems from mid through late summer atop the deep green foliage. It provides a brilliant beacon of color in the landscape during the hottest months of summer.

TURTLEHEAD TINY TORTUGA

CHELONE LYONII OBLIQUA

HT: 18"-24"

W: 12"-16"

Z: 4

Light: Full to 1/2 Day Sun

Flower Color: DEEP PINK

A tiny turtlehead with all the flower power of its taller brothers, this native cultivar features uniquely shaped, hot pink blooms atop lustrous dark green leaves with a bronzy sheen. Flowers reminiscent of turtles' mouths persist from mid-summer into fall, a favorite of butterflies but distasteful to deer. Its very compact habit is a great choice for mixed containers, or let it spread ever so slowly in the landscape along pond and stream edges, rain gardens or perennial borders.
